About Bio-Rad

Bio-Rad is a global leader in developing, manufacturing, and marketing a broad range of innovative products for the life science research and clinical diagnostic markets. With a focus on quality and customer service for over 65 years, our products advance the discovery process and improve healthcare. Our customers include university and research institutions, hospitals, public health and commercial laboratories, biotechnology, pharmaceutical, as well as applied laboratories that include food safety and environmental quality.

Product Areas

LIFE SCIENCE RESEARCH

Bio-Rad is among the top five life science companies in the world, providing instruments, software, consumables, reagents, and content for the areas of cell biology, gene expression, protein purification, protein quantitation, drug discovery and manufacture, food safety, and science education. Our products and solutions are based on technologies to separate, purify, identify, analyze, and amplify biological materials such as antibodies, proteins, nucleic acids, cells, and bacteria.

CLINICAL DIAGNOSTICS

As a leading global provider of in-vitro diagnostics supplies, our diagnostic products and systems leverage a broad range of technologies and deliver high-value clinical information in the blood transfusion, diabetes monitoring, autoimmune, and infectious disease testing markets. These products are used to support the diagnosis, monitoring, and treatment of diseases and other medical conditions. Bio-Rad is the world leader in clinical quality control products, services, and information systems, products that ensure the accuracy and validity of clinical test results.

DIGITAL BIOLOGY

Offering unrivaled precision and absolute quantification of target DNA or RNA molecules, our unique Digital Droplet technology partitions samples into thousands of microfluidic “droplet” test tubes, providing extremely sensitive and accurate digital answers for life science research, clinical diagnostics, as well as environmental monitoring and food safety testing.

Our Mission

To improve useful, high-quality products that advance scientific discovery and improve healthcare.

Quick Facts

President & CEO
Norman Schwartz

2019 Revenue
Over $2.3 Billion USD

Tickers
BIO (Class B Common Stock)
BIOb (Class A Common Stock)

Headquarters
Hercules, California, USA

Number of employees
8,100 (as of January 2020)

Company founded
1952
