### Ordering Information

#### Monoclonal Antibody Purification Resin Selection Card

Bio-Rad offers a wide range of resins for each phase of monoclonal antibody process purification, at scales ranging from nanograms to kilograms.

Use this card to select the optimal resin for your monoclonal antibody process purification.

#### Property

- **Capture:**
  - UNOsphere SUPrA
  - Nuvia™ S
  - Nuvia™ Q
  - Nuvia HR-S
  - CHT Ceramic Hydroxyapatite

- **Capture and Intermediates:**
  - Foresight UNOsphere SUPrA
  - Nuvia™ S
  - Nuvia™ Q
  - Nuvia HR-S
  - CHT Ceramic Hydroxyapatite

#### Purification Step

- **Capture and Intermediate:**
  - UNOsphere SUPrA
  - Nuvia™ S
  - Nuvia™ Q
  - Nuvia HR-S
  - CHT Ceramic Hydroxyapatite

- **Capture and Intermediate and Polish:**
  - UNOsphere Q
  - Nuvia™ Q
  - Nuvia HR-S
  - CHT Ceramic Hydroxyapatite
